A Simple Guide for Buyers,  
Enthusiasts, and Technicians

## 1.Introduction

The 2017 Ford Escape SE was popular among drivers who are looking for a mix of fuel efficiency, comfort, and performance. One of its key highlights was its variety of engine options available that year.

This booklet gives you a clear breakdown of the engine types available in the SE trim of the 2017 Escape. Whether you're buying a used one, replacing an engine, or just brushing up on your knowledge, this guide will help.

## 2. Engine Types in the 2017 Ford Escape SE

Ford Escape SE trim comes with two engine options in 2017. Here is what you need to know about each type of trim:

### 2. 1.5L EcoBoost I4 Engine

#### Overview

This 1.5-liter EcoBoost engine was introduced as fuel-efficient turbocharged option.

#### Key Specifications of the 1.5L EcoBoost I4 Engine

- Type: Inline-4 Cylinder
- Displacement: 1.5 Liters
- Fuel System: Direct Injection
- Turbocharged: Yes
- Horsepower: 179 hp
- Torque: 177 lb-ft

## Performance Notes

This engine offered good fuel economy for city and highway driving. It is best for daily commuting and moderate loads. Many owners appreciated its quiet performance because it wasn't built for rough acceleration.

## Common Uses

- Everyday commuting
- Light family trips
- Urban driving

## 2.2 2.0L EcoBoost I4 Engine

### Overviews

Ford offer a 2.0-liter EcoBoost engine, it is suitable for those who are looking for more power. It delivers a sportier experience without switching to different trim.

## Key Specifications of the 2.0L EcoBoost I4 Engine

- **Type:** Inline-4 Cylinder
- **Displacement:** 2.0 Liters
- **Fuel System:** Direct Injection
- **Turbocharged:** Yes
- **Horsepower:** 245 hp
- **Torque:** 275 lb-ft

## Performance Notes

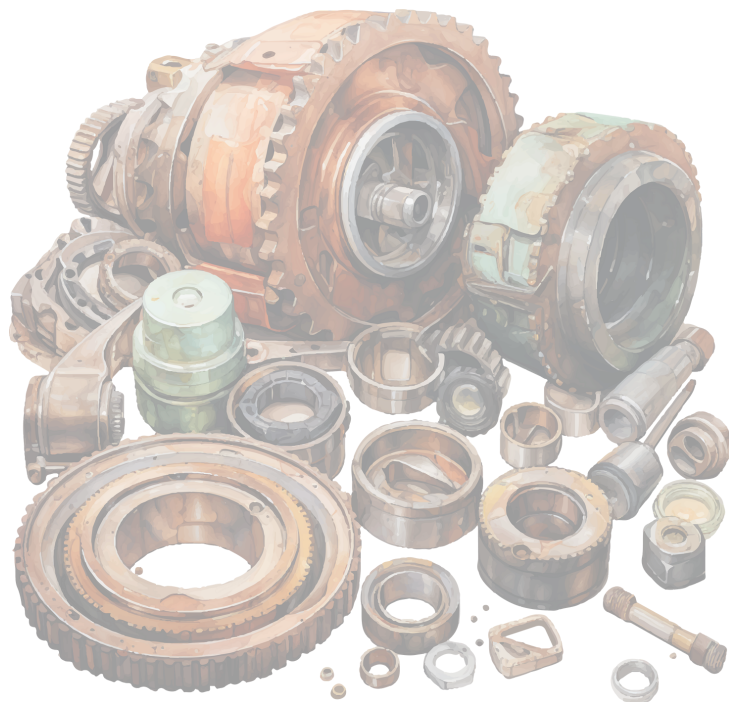

This engine variant is stronger. The performance gain made it a favorite among more demanding drivers, while fuel economy dropped as compared to 1.5L

## Common Uses

- Towing small trailers
- Long highway trips
- Driving in hilly areas

### 3. Side-by-Side Comparison

Feature	1.5L EcoBoost I4	2.0L EcoBoost I4
Horsepower	179 hp	245 hp
Torque	177 lb-ft	275 lb-ft
Turbocharged	Yes	Yes
Towing Capacity	Up to 2K lbs	Up to 3.5K lbs
Fuel Efficiency	Higher	Lower
Ideal For	Daily commuting	Performance needs

## 4. Engine Identification Tips

These engine identification tips are for you, if you are not sure which type of engine your Escape SE has:

**Check the VIN:** The 8th digit of your VIN tells the engine type.

- o '7'= 2.0L EcoBoost
- o '5'= 1.5L EcoBoost

**Look under the Hood:** Engine badges or covers usually display the displacement.

## 5. Things to Consider When Choosing or Replacing an Engine

- **Performance Needs:** If you want high-performer vehicle then you must choose 2.0L variant.
- **Fuel Budget:** 1.5L EcoBoost version gives good mileage as compared to 2.0L EcoBoost.

- **Availability of Parts:** Both the engines are very common and easily accessible.
- **Warranty and Fitment:** Always check compatibility, when buying a used or refurbished engine.

## 6. Conclusion

The 2017 Ford Escape SE forms a perfect balance between the performance and economy; you should thanks to its two EcoBoost engine options. The right engine depends on how you drive and what to expect from your vehicle.

Understanding these engine type helps in making wise decisions, whether you are buying, maintaining, or repairing ypur 2017 Ford Escape SE.
